- Rebate amount is limited to the lesser of \$200 or 50% of the purchase price.
- Purchase must be made after June 8, 2020.
- Purchase must be made in Vermont.
- Leaf blower purchase must include at least 800 watt-hours of battery capacity.
- Residential grade blowers are not eligible.
- Limit one rebate per account.
- BED reserves the right to modify or end this offer at any time.
- W9 form required prior to issuing rebate check. If applicable, a 1099 form will be sent.
- This offer is valid through December 31, 2020.
- Visit burlingtonelectric.com/lawnmowers for the latest terms & conditions.

GO ELECTRIC!

Because gas and diesel leaf blowers do not have strong emission controls, running them for an hour can create the equivalent emissions of driving your car 100 miles.

Switching to an electric leaf blower can significantly reduce the amount of toxic pollutants released into the air. And since Burlington runs on 100% renewably-sourced energy, there is an environmental benefit to using an electric leaf blower.
