

COLD CLIMATE HEAT PUMP & WEATHERIZATION REBATE

Including New Green Stimulus Bonus Rebates

Receive up to \$3,350 toward the installation of an eligible cold climate heat pump (CCHP) system. Total rebate will be capped at 75% of the installed cost. Additionally, pre-approved weatherization may be eligible for a 60% (owner-occupied) or 75% (rental) rebate. The Green Stimulus rebates are available until the end of 2020 and on a first-come-first served basis for installed projects.

PLEASE TELL US ABOUT HOW YOU HEATED AND COOLED BEFORE

This information helps us estimate how much less fossil fuel we, as a city, will be using after you install your new heat pump.

Primary Heating Fuel Propane* Fuel Oil* Kerosene*
 Natural Gas Electric Baseboard

Fuel Used Last Season CCF for Gas; Gallons for fuel.

Air Conditioning Type Central Window None

* This direct customer rebate may be considered taxable income by the federal or state government. Consult a tax professional for advice and to determine the tax consequences of this rebate. W9 form required prior to issuing rebate check. Rebates will be issued upon receipt and review of completed applications. Name on rebate form and W9 form must match.

After installation, mail the following to one of the addresses below.

- This completed form
- Contractor's invoice marked "Paid in Full"
- The make and model numbers of the equipment installed.

If you are financing through VSECU, VFCU, or GMCU, send this form along with quotes from your contractor to:

efficiency@burlingtonelectric.com or Energy Services
Burlington Electric Department
585 Pine Street
Burlington, VT 05401

This rebate is in *addition to* the \$200-\$300 BED rebate available to your contractor when they purchase the unit. Check with your contractor about this additional rebate offer.

This rebate is available to all BED residential and small business customers in existing buildings. For new construction projects, please contact BED for separate rebate offerings. Natural gas customers should be advised that CCHPs will likely *increase* annual heating costs.

- CCHP must be installed after 6/1/2020.
- Limit 1 rebate per household.
- Installations must be done by professional HVAC contractors only.
- Contractors are required to secure permits from Burlington's Permitting and Inspections Dept.
- BED reserves the right to modify or end this offer at any time.
- Offer valid through 12/31/2020.
