

AIR-TO-WATER HEAT PUMP & WEATHERIZATION REBATE

Receive up to \$12,500 toward the installation of an eligible air-to-water heat pump system.

Pre-approved weatherization may be eligible for a 60% (owner-occupied) or 75% (rental) rebate. The Green Stimulus rebates are available through June 2021 on a first-come-first served basis for installed projects.

 Energy Services
 Burlington Electric Department
 585 Pine Street
 Burlington, VT 05401

Rebate Amount

Your rebate amount will be calculated as \$2,000 per ton (Nominal Capacity) as listed in the **Qualified Product List**. Total rebate amount will be capped at 75% of the installed cost.

Nominal Capacity tons x \$2,000 =

\$500 Low-Moderate Income Rebate

household: income limit	3 persons: \$64,750	6 persons: \$83,450
1 person: \$50,350	4 persons: \$71,900	7 persons: \$89,200
2 persons: \$57,550	5 persons: \$77,700	8 persons: \$94,950

How You Heated and Cooled Before

This information helps us estimate how much less fossil fuel we, as a city, will be using after you install your new heat pump.

Primary Heating Fuel Propane* Fuel Oil* Kerosene*
 Natural Gas Electric Baseboard

Air Conditioning Central Window None

- Empty fields on this form will delay processing.
- Heat pump must be installed after 1/1/2021.
- Rebate Form must be submitted within 60 days of the installation.
- Limit 1 rebate per household or business.
- Equipment must be purchased through local participating qualified professionals and HVAC Distributors only. Customer sourced equipment is not eligible.
- Equipment must be on **Qualified Product List**.
- Contractors are required to secure permits from Burlington's Permitting and Inspections Dept.
- BED reserves the right to modify or end this offer at any time.
- Offer valid through 6/30/2021.

* This direct customer rebate (for oil, kerosene and propane users only) may be considered taxable income by the federal or state government. Consult a tax professional for advice and to determine the tax consequences of this rebate. W9 form required prior to issuing rebate check. Rebates will be issued upon receipt and review of completed applications. Name on rebate form and W9 form must match.

This rebate is available to all BED residential and small business customers in existing buildings. For new construction projects, please contact BED for separate rebate offerings. Natural gas customers should be advised that heat pumps will likely increase heating costs.
